

DISPOSABLE FIRE EXTINGUISHER

NANOFIREX®

Immediate intervention is very important because fires may occur every moment in our life. In this way immediate intervention saves property and life (For this reason, our goal as AYG Fire and Construction Chemicals is to be reached NANOFIREX, Nanotechnological Smokeless Fire Extinguishing Product containing Boron Mineral, which is one of the technological projects, at the end of intensive R&D to all over the World.) NANOFIREX prevents the growth of fire with instant intervention because of easy use.
